

## EDMONTON

## HAS VOTED FOR

## OLIVER AND THE RAILWAY

There is no uncertain sound about the mandate from Edmonton.

Oliver's majority to date 1906.

The Territories are against railway monopoly.

They want competition and development and they say so.

Yesterday was one of the days when the people were not fooled.

All Canada stands for a good Government and a progressive policy.

Shoulder to shoulder is the word and the order is "Forward, march."

Canada has just begun to go ahead.

The will of the people has been expressed.

A short, sharp fight and a decisive victory.

The vote of yesterday doubles opportunity for every man in Canada who is worthy of opportunity.

## SWEEP THE COUNTRY

## THE LAURIER GOVERNMENT

Returned to Power with a Largely Increased Majority. Conservative Leader Borden Defeated.

Bulletin Special Dispatch. (Latest Returns)

Ottawa, November 4.—The latest election returns are as follows:

Ontario, 49 Liberals and 46 Conservatives, out of 80.

Quebec, 53 Liberals and 10 Conservatives, with Gaspe and Chaudiere which will go Liberal, to hear from, making 55 Liberals and 10 Conservatives.

Nova Scotia, 18 Liberals and no Conservatives.

New Brunswick, 8 Liberals and 5 Conservatives.

Prince Edward Island, 3 Conservatives, and one to hear from, which may go Liberal.

Manitoba, 5 Liberals and 3 Conservatives, with Portage la Prairie which will go Conservative, and Dauphin, which will go Liberal, to hear from.

British Columbia, 4 Liberals, with three seats to be heard from, which will go Liberal.

The Yukon will also elect a Liberal.

This will make 145 Liberals and 69 Conservatives, making a majority of 76 out of a House of 254 members.

The next House will therefore stand subject to changes in constituency as follows:

Quebec, 55 Liberals, and 10 Conservatives.

Ontario, 49 Liberals and 46 Conservatives.

Nova Scotia, 18 Liberals and no Conservatives.

Prince Edward Island, 1 Liberal and 3 Conservatives.

Manitoba, 6 Liberals and 4 Conservatives.

North-West Territories, 9 Liberals and 1 Conservative.

British Columbia, 7 Liberals and no Conservatives.

Yukon, 1 Liberal and no Conservatives.

Total, Liberals 145, Conservatives, 69. Government majority, of 76.

Toronto, November 4th.—By a greatly increased majority the Laurier Government has carried the country, and has been given a new lease of life. The victory is complete, decisive and almost unanimous.

## TO-DAY'S WAR.

London, November 3rd.—Port Arthur has been the centre of a combined Japanese attack for five days. Most of the ships in the harbor are rendered useless and the whole garrison is on the verge of destruction. Japanese batteries command the interior fortresses from the surrounding hills and the interior places are certainly being bombarded. (It apparently will submit to extermination before it surrenders.)

General Stoessel is making a good defence, but the Japs are now approaching close to the important Russian fortifications. While this form of attack is less spectacular, it is less costly in men than repeated assaults, and it is no less conclusive in results, demanding a sleepless defence, and being almost impossible to frustrate.

The Russian forces are disposed so as to meet the disposition of the Japanese armies. The present plan of Russian operations has not been influenced by the promotion to the position of commander in chief of General Kuropatkin, who remains with his army in the field. The present cold weather has influenced many Chinese to return to the fields with the object of harvesting their remaining crops. The exodus of Chinese villagers from the regions west of the railway continues, but the pressure at Mukden has been relieved by the return home of families who had become wholly alarmed. In many districts houses are disappearing owing to the fact that the wood of which they were composed has been in demand for fuel, the making of fortifications or the building of bridges.

# STRICKEN WITH PARALYSIS

Cedar Rapids, Iowa, November 2.—J. Maxwell, grand secretary of the Order of Railway Conductors, was stricken with paralysis to-night. His condition is serious.

## The Movement Towards Peace

Washington, November 1.—France and the United States will probably begin the negotiation of an arbitration treaty at Washington soon after the presidential elections. The treaty will be known as the Hay-Jusserand arbitration treaty and, according to the present programme, will follow closely the lines of the British-French arbitration treaty.

Some time ago the French Government informed the United States Secretary of State Hay that France was ready to conclude such a convention whenever it was the pleasure of the United States.

In view of the fact that the elections were coming on the Washington Government expressed its thanks for this renewed evidence of friendship on the part of the French republic, and intimated a desire to open negotiations this winter. Widespread interest has been aroused throughout the diplomatic corps by the announcement of Secretary Hay in his recent New York speech that the Government soon hoped to begin the preparation of arbitration treaties with all the countries willing to sign. There is already evidence among European diplomats of a keen desire to take the lead in this movement. It is believed that Italy will be found favorable to the negotiation of arbitration with the United States, and also Great Britain, though in the case of the latter country it is expected that the initiative this time must come from the American Government.

## Electric Locomotive Beats Steam Engine

Schenectady, N. Y., Nov. 1.—The big electric locomotive being built for the New York Central railroad by the General and American Locomotive Co. was to-day taken out to the Hoffman four mile course, equipped with the third rail, and without coaches attained a speed of seventy miles an hour. With eight coaches the locomotive attained the speed of fifty-five miles an hour.

In sixty-three seconds after the locomotive had reached the first notch on the controller in starting the indicator showed that the machine had attained a speed of thirty miles an hour, an increased rate of five miles an hour. In a race with a New York Central limited on a second track at this point the locomotive easily outdistanced the steam propelled train on the four mile run.

ONE of the advantages of the Cuban tobacco I procure, is that it is almost entirely cured by nature.

The climate is so hot that the tobacco sweats naturally—the leaf is ripened uniformly and the subsequent process of curing favorably promoted.

With the expert attention the leaf receives in Cuba it is pretty thoroughly cured and preserved—and its fragrant aroma developed by having been slowly fermented. I allow it to remain in my warehouse from 2 to 3 years, until it has sufficiently aged and has that mellowness that age alone can give. It takes a lot of study and experience to know when Havana tobacco is just right. Pharaoh tobacco is always just right.

J. IRUCE PAYNE, Limited, Granby, P.Q.

Be watch for the Pharaoh. For the Pharaoh I use a Guaranteed brand, the best that money can buy. I import the Pharaoh, a clear leaf tobacco direct from Havana, Cuba, and I sell it.

None genuine unless branded PHA-RO

J. B. Mercer, Distributor, Edmonton, N.W.T.

## Do you want to add \$320 to your income?

It will only require a few minutes of your time every day to earn \$320 a year. You can earn it with a Chatham Incubator. A No. 4 Chatham Incubator will hold from 200 to 250 eggs—according to size of eggs. Eighty chickens is a low average hatch—users of Chatham Incubators will tell you so. Chickens are always in demand and the supply is always short. So fifty cents is the average price secured. If you only take off eight hundred in a year, that gives you an income of \$320. Wouldn't that extra amount be useful to you? Best of all, you can buy a

Chatham Incubator without one cent of cash until October, 1905

The machine pays for itself many times over before that time. There couldn't be a fairer offer than this. We ship a Chatham Incubator to you at once, freight prepaid by us, and your first payment is not due until October, 1905. Write us today for full particulars. The Chatham Incubators and Brooders have every new improvement worth while in an incubator or brooder. The incubators are made with two walls, one within case, of dry material that has been seasoned in our lumber yards. They are built solid as a rock and will stand any amount of usage for years. The sooner you accept our offer the sooner will the Chatham Incubator be earning profits for you.

We sell for Cash or on time as you desire.

THE MANSON CAMPBELL CO., LIMITED

DEPT. 38 CHATHAM, ONT.

Manufacturers of Chatham Incubators and Brooders, Campbell Farming Mills, and Chatham Farm Scales

Distributing Warehouses at Montreal, Que., Brandon, Man., Calgary, Alta., New Westminster, B.C., Halifax, N.S.

## JUST A WORD OR TWO ABOUT PAINTING

ROSS BROS. LIMITED, have the paint that any woman or child can use and make a nice job with. Our colors are guaranteed true to the sample and as we sell a very large quantity. Our paints are always Fresh and Ready for the Brush. If you have any doubts about this call at the store and we will give you any further information you may require.

We have just received a large shipment of Berry Bros. celebrated Hard Oil

## Finish and Varnish

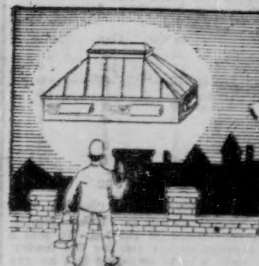

These are the Genuine Berry Brothers goods and there is nothing better made, we sell it in any quantity.

## In Plumbing and Heating

We employ only the best workmen and all our work is fully guaranteed.

It's no trouble for us to give you any information you want about your plumbing and heating. We do all kinds of plumbing, heating, tin-smithing, copper or sheet iron work

and carry an immense stock of material for the purpose. Now is the time you should look after this as there are many who put off until the last moment outside work that can't be done and we go without the work and you suffer in consequence. We still have a very nice assortment of Heating Stoves to choose from, are you supplied?

Several escape to dwellings and lots. Improved farms in different localities.

### F. FRASER TIMS.

Commission Broker, Edmonton, Alberta.  
Secretary Treasurer Edmonton Board of Trade; also of Edmonton Industrial Union Association, Ltd.

## LOCAL

**Red Deer Advocate**—Work has begun on the installation of the Red Deer Waterworks. On Tuesday a carload of pipes arrived and the intake was begun. Ramsey & Co. are doing the work and a large number of hands will be employed from now until the time of gold weather.

**Ponoka Herald**—What promises to be a successful crop in this part of Alberta is spelt. This grain is comparatively new to many of the farmers, but it is said to be a very profitable crop to grow, both on account of its value on the market and its splendid qualities as a feed for stock. M. L. Madison and N. McEwen each sowed a small quantity of it the past season, and have harvested a large crop. The yield of that of Mr. Madison is estimated at approaching 100 bushels per acre.

**Free Press**—One of the most important deals in the ranch history of Alberta was closed in Calgary Saturday when H. O. Roberts, a Montana rancher of extended interests, purchased the McDougall property, 24 miles west of Okla. Mr. Roberts is bringing in 8,500 Texas long horns. They are being driven overland by 16 teams. David McDougall's ranch comprises 8,100 acres of the finest range in Alberta. A large part of it is under fence.

### The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 2 and 28, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

**ENTRY**—Entry may be made per the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for someone to make entry for him. A fee of \$10.00 is charged for a homestead entry.

**HOMESTEAD DUTIES**—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3 or 4, must substitute 20 head of stock, with buildings to accommodate the stock, cultivate 30 acres of his homestead, and have besides 80 acres sub-stantiated.

The privilege of a second entry is restricted by law to those settlers only who completed the duties of the first homestead to entitle them to patent on or before the 2nd June, 1889.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any

Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

### UNABLE TO ATTEND

London, November 2nd.-Premier Balfour will be unable to attend the Guildhall banquet on Nov. 9th and Lord Lansdowne will speak in his stead. According to the Times it will be necessary for the Premier to rest his leg fully three weeks.

### Scarlet Fever Among Indians

Winnipeg, Nov. 1.-Word was received from Selkirk last night to the effect that scarlet fever had broken out in the neighborhood of Norway House, and is killing off the Indians there with great rapidity.

The disease first appeared about five weeks ago. Fifteen deaths were reported the first of the week and about double this number during the second week. The messenger who brought down the news reported that it was rumored there when he left that practically a whole tribe of one hundred had died from the fever, which was spreading rapidly in all directions.

Indians fleeing from the infected district spread the disease.

The Indian commissioner at Selkirk has sent nurses, doctors and medicines to the scene, but owing to the distance they will not reach there for at least ten days, no railway running nearer than Selkirk, eighteen miles from here.

All the summer vague reports have been coming down from the far north to the effect that Indians were suffering great destitution from want of food, deer and fur-bearing animals being very scarce and starvation has brought on disease.

Small pox is said to be killing off large numbers of Indians on the southern shores of Hudson's Bay.

## THREE YEARS OLD

WHEN the tobacco I have personally selected in Cuba is delivered at my factory, I begin a special treatment to still further cure it--develop its delightful aroma.

This special treatment requires two to three years, depending on the "crop."

I work it thoroughly--through various processes of fermenting and drying in specially made apparatuses that enable me to keep the tobacco in each process at certain fixed temperatures and moist or dry at such a degree of humidity--necessary to bring out the virtues I insist on in each cigar.

By having the filler so aged and treated, I make my Pharaoh a smooth, palatable smoke--one with a delicate incense-like flavor and very even combustion.

The binder and wrapper are the Connecticut Broadleaf and the imported Sumatra respectively--both tobaccos that delight the epicure.

None genuine unless branded

## ELECTION DAY IN TOWN

Weather and roads were ideal for an election day. The seven Edmonton polls were opened at 9 o'clock sharp, and there was a rush of voters at every one, from the start. Everything went smoothly and a large vote was polled. The vote was practically in by three o'clock in the afternoon. A majority for Oliver was conceded in town from the first, but the count of ballots proved a surprise. Such a large majority was not expected, even by the most sanguine. A majority of 107 in a total vote of 1,343 is certainly an unequivocal expression of opinion.

The count of polls began to come in shortly before six o'clock and the Bulletin blackboard, upon which they were promptly chalked, was soon the centre of attraction for a deeply interested and constantly increasing concourse of people. The town returns were soon followed by returns from outside points, received by phone and telegram. Before seven o'clock Oliver's election was conceded. Each succeeding return, as it appeared on the board, was received with cheers, as it was such that town and country were together on the great question at issue.

The Oliver committee had arranged for a lantern and screen, and when darkness had set in the returns were thrown on the screen from the committee room windows for the information of a surging and enthusiastic crowd, numbering thousands. The returns showed that the majority in Edmonton was only an indication of the result elsewhere. Still, the town constituency was soon safe for Talbot, and Scott and Turfitt were conceded as elected. An alarm of fire occurred, but only the outskirts of the crowd seemed to hear it. Fortunately the blaze was not serious, and was soon put out by the hose detachment of the fire brigade. Enthusiasm increased as it became evident that the Government was not only returned but had increased its majority all along the line. The band was out, and about 9:30 a torchlight procession was formed which proceeded from the committee rooms west on Jasper avenue to the Windsor Hotel and then returned eastward to the Queen's Hotel.

The successful candidate, accompanied by Messrs. Gross, Boyle, Gariepy and Dr. Roy, occupied seats in Lamb's car. An accident, which might have resulted seriously, occurred as the procession started. The horses, attached to a carriage in which some of the party had taken their places became restive, and the occupants of the carriage only escaped serious injury by the merest chance. Fortunately none were injured.

The procession halted in front of the Queen's Hotel and Messrs. Oliver, Gross, Boyle, Glendon, Gariepy, Dr. Tierney and Dr. Roy delivered short congratulatory addresses, which were received with enthusiastic cheers. The procession then formed up again and escorted Mr. Oliver to his home. On arrival three cheers were given for Mrs. Oliver, who acknowledged the compliment by taking a place beside Mr. Oliver while he made a short response, expressing appreciation of the hearty good-will shown by such a number of friends. With more cheering the procession returned down town, delighted at the victory in which all had taken a part.

## CITY BANQUET

The committee in charge of the arrangements for the banquet to be held on the evening of November 7, the day upon which Edmundson began his term of office, met this morning. All arrangements for the banquet were completed and are on a very large scale. The rink decorations will be very elaborate. A large number of prominent men throughout Western Canada are expected to be present. Ladies will be invited, and will be served with tea, coffee and cake in the waiting rooms. The ladies have been invited to be present for the musical programme and for the speechmaking. The committee desire that all those wishing to attend to purchase their tickets at once.

## A CONCESSION

Washington, November 2nd.—The State Department received a cablegram from the American embassy at St. Petersburg which warrants in the assumption that the Russian government will soon agree to recognize pass ports of American Jews traveling in Russia.
